TAXATION CUT \$25,000,000 BY BUDGET

\$3,000,000 Free of Tax For Married Men

\$25,000,000 Reduction Feature Robb Budget

Increased Exemption on Income Tax Announced; Penny Postage Restored on Dominion Day; Receipt Tax Wiped Out; Adjourn Debate Till Tuesday.

Conservative, Raising Protection Cry, Doubts If Motor Industry Can Stand Lower Tariff on Cars; \$55,000,000 Surplus of Ordinary Revenue Over Expenditure.

OTTAWA.—To loud Liberal applause, J. A. Robb, minister of finance, yesterday brought down a budget with the reductions which he estimated at \$25,000,000.

His statement, Mr. Robb emphasized, reflected the growing prosperity of Canada. "I should not wish to be inferred," he added, "that I ascribe all that has been achieved to the influence of government policy upon the development of our economy interests, though I am free to admit that had the trend been in an opposite direction there are those who would have been quick to hold government policy responsible."

List of Reductions
Points from the speech were:
Surplus of \$22,250,000 over all services towards reduction of debt.
Income tax reduced.
Penny postage restored on Dominion day.

Receipt tax wiped out.
Tariff on automobiles reduced.
British preference to apply only to goods conveyed direct to Canadian ports without transshipment after January 1, 1927.

Further exemptions in sales tax.
Other Tariff Changes
Automobiles—Duty on automobiles at retail value not more than \$1,200, and on motor trucks and motorcycles reduced to 20 percent; general tariff, 17 1/2 percent intermediate; 15 1/2 percent British preference. On automobiles valued at more than \$1,200, general tariff reduced to 27 1/2 percent; intermediate 20 1/2 percent; British preference to 15 percent.

To encourage Canadian automobile industry, drawback 25 percent will be paid on materials used in manufacture of above mentioned motor vehicles provided that at least fifty percent of the cost of the finished articles is produced in Canada.

General Tariff Changes
Coca beans—Increased from 60 to general tariff \$1.50 to \$2.00 per hundred pounds. Corresponding increase made in certain coca products.
Coffee, green, free under British preference.

Ginger, spices nutmegs, mace, and arrowroot raises reduced in compliance with West India agreement.
Bananas—Free under all tariffs, but government-in-council given power to impose duty of fifty cents per unit on general and intermediate tariffs leaving them free under British preference when shipped direct.

Many Preference Changes
Sugar—For refining, testing 86 degrees of polarization reduced under the British preference 16.588 cents per 100 pounds, that is from 45 cents to 28.412 cents. Proportionate reductions made in duty on sugar or other degrees of polarization.
Aniseed butter, imported by ship direct British preference to be \$5.00 per cwt., as compared with present duty of \$10.

Sponges—These now pay 1 1/2 percent British preference, and 24 percent under British West India agreement of 1902. They also to be free

BUDGET CHANGES ARE VERY WELCOME TO LABOR PEOPLE

Tom Moore Warns Against Curtailing Expenditures on Social Legislation

OTTAWA, April 16.—Tom Moore, president of the Trades and Labor congress, commenting on the budget brought down in the house yesterday, said that the increased exemption to married and single persons are very satisfactory from a labor point of view and are in harmony with the request formally made by this congress in 1925.

Any other reductions possible in taxation in our definition, Mr. Moore, would have been better if brought about by reduction of the sales tax, rather than by interference with protective duties.

But the nation's attention should be directed investigation before any more one time tax reductions are made. "It is a mistake to know," he said, "that one time tax reductions mean there is a possibility of reducing taxation, but it is to be feared it does not mean direct adjustment of expenditures in needed social legislation."

He said, however, that the budget was a step in the right direction, and that the government was to be congratulated for its action.

War Pictures Shown at Stathmore

Shown by Secretary Dominion Command G.W.V.A.

A large audience filled the Stathmore War Memorial Hall on Friday evening, when Mr. C. Grant McNeill, Secretary of the Dominion Command G.W.V.A., exhibited lantern slides and reels of scenes during the war, and also showing the work done by the G.W.V.A. for disabled soldiers and orphans.

The chair was taken by Mr. John Mackenzie, former president of Stathmore G.W.V.A., who referred to the work Mr. McNeill had done in Ottawa since the termination of the war in putting the case of the veterans before the legislators.

The slides and reels were very realistic, being taken under actual war conditions, and many of the scenes were recognized by veterans present.

In the course of the lecture Mr. McNeill pointed out the objects of the G.W.V.A., which were to look after the disabled soldiers, and also the widows and orphans of men who had given their lives during the war. It was also their duty to inculcate patriotism, and retain Canada in its place as one of the units of the British Empire.

At the close of the lecture a hearty vote of thanks was passed Mr. McNeill on the motion of Mr. W. H. Johnston.

Social Meeting Follows
Mr. McNeill was tendered the thanks of the Stathmore Branch of the G.W.V.A. at a meeting held in the hall.

At the meeting of the G.W.V.A. at a meeting held in the hall, the room of the Memorial Hall, following the public meeting, and presided over by President Douglas French, Commander Art. Watson, secretary of the Provincial Command G.W.V.A., also spoke. Refreshments for this meeting

EUROPE IS TAKING HOLD OF SURPLUS CANADIAN STOCKS

Export Demand Has Bullish Effect on Active Market

WINNIPEG, April 19.—Sentiment was decidedly bullish Saturday in the wheat market, which was very active with the largest week-end business trading that has been done in months.

Opening prices were 3/4 to 1/2 higher, but the pit apparently was full of buying orders, and prices advanced quickly and held the gains throughout, finally closing at practically the top and showing signs of a rise for both May and July, while October closed up.

The buying was coming from London with foreign commission, and it is believed that the foreigner is getting off the short of market and going long with the idea of taking delivery when the time comes. There was some buying by exporters, but the volume was not large, and by commission houses, and there is evidence that speculative interest is building. The world situation is undoubtedly strong, with supplies in Europe said to have reached almost dangerously low figures. There is a possibility of a fall in grain needs, but the foreigner must wait for his supplies during the next three months and our remaining surplus is expected to diminish rapidly after the opening of lake navigation about May 1st.

New freight rates for wheat, barley and oats, which were held at the largest ever known.

There was an excellent demand for all grades of cash wheat Friday afternoon, with prices improving, but there was not much doing Saturday morning outside a little demand for toughs.

There are reports that the winter crop in some areas is suffering from frost due to the cold spring, and other important areas are suffering from drought. The Canadian wheat crop is the best in the world, and the underdone to the market.

The underdone to the market is a little better, but the volume was not large.

ANGELIC-UNITED CHURCH UNION PLAN SUGGESTED

—TORONTO.—A practical plan for the union of the Anglican church and the United Church of Canada is put forward by Rev. F. C. Ward White, vicar of St. Charles's church.

It should be possible for the United Church and the Anglicans to come together on common ground, the Anglicans accept the ordination of ministers of the United Church up to an agreed date, after to which the Anglicans should be in practical unity with all ministers to receive episcopal ordination.

They were served by Stathmore Girl Guides. The meeting on Friday was part of a series being given by Mr. McNeill through the Dominion in the interests of unity among returned veterans, and to inform the public as to the objects of the G.W.V.A. and of the new organization, the Canadian Legion.

Accolition taken up at the door resulted \$12.50. This is to defray local expenses.

One of the slides shown was of Stathmore War Memorial Hall, and the speaker said that the dedication of this hall as a memorial is thus recognized throughout the Dominion.

Other points in Southern Alberta where Mr. McNeill has spoken within the last week are Calgary, Medicine Hat, Drumheller, and Banff.

Utility Board Sanctions Power and Light Agreement

Regular meeting of the Town Council was held on Tuesday evening. Councillors Shults, Quinn, Moore and Miser were present.

Councillor Miser, in the absence of Mayor Bell, was acting mayor. Minutes of the last meeting were read and adopted.

A motion was passed appointing Oliver Wright custodian of the nuisance grounds, with an allowance of \$5 per month, and also that only tenement drymen be allowed to deposit material within the said grounds. This was decided upon in order that the grounds may be kept in the best possible condition. The matter of arranging with the drymen was left in the hands of Mr. Wright.

Regarding the communication of Fred J. Dunn re position of auditor, the secretary-treasurer was instructed to notify Mr. Dunn that the appointment of an auditor had been made at the last meeting.

A by-law confirming the appointment of Mr. John H. Cope was read and passed.

A motion was passed asking Mr. H. S. Stockton to co-operate with the Property Committee, through the services of M. Freeman in making improvements in the park.

Current accounts amounting to about \$125 were presented and referred to the Finance Committee and it correct ordered paid.

The account from the General Hospital at Calgary was also presented and referred to the Finance Committee and it correct ordered paid.

Sanction from the Utility Board for the agreement with the United Electric and Engineering Co. Ltd., was received and it was decided to submit the bill to the qualified electors on Friday, May 7th, and that Mr. T. M. Wears be the Returning Officer.

It was thought advisable to write to Mr. McArthur, of the Canadian Pacific Railway, requesting that arrangements be made for Train No. 14 to stop at Stathmore.

A meeting of the electors will be held in the General Hall upon a date to be decided later, to discuss the details of the agreement for the electric light and power franchise, in order that the advantages of same may be made known to all.

A selection on the piano by Miss Y. Nelson was also well received. This brought to a close a well arranged programme after which Mrs. Wagner served a delicious lunch.

Mr. Otto Buchwald was a business visitor to Calgary last week, while in Calgary Mr. Buchwald purchased some fine milk cows which he has advertised in another part of this paper.

We regret to report that Mr. Magnus Kjar who was to have sailed on April 16th for Denmark has had to postpone his trip indefinitely owing to sickness. Mr. Kjar is in one of Calgary's hospitals suffering with a severe case of quinsy.

Mr. Mads Sorensen returned from Calgary on Wednesday.

Mrs. J. P. Hansen and daughter Dora were recent visitors to Calgary.

Mr. Sherman Watson who has been visiting his brother, Messrs. Watson and Walter Watson here has returned to his home in Iowa.

Political Situation in the South Beginning to Warm Up

LETHBRIDGE, April 15.—Waterloo National Park will remain dry. The government has no intention of granting a license to the park, George Strangman, M.L.A., said in an address at Lethbridge.

IN BATHING SUITS

(The Progressive Grocer)
"Better let me send you a couple of cans of these new peaches, Mr. Gayboy," remarked the grocer. "Your husband will like them."
"The peaches my husband likes," came loud and clear from the other end of the phone, "are in bathing suits, not cans!"

The wee Scotch lad was in the habit of entering the village baker's shop and asking the proprietress there to give him two loaves for pennies for pennies. This continual request so irritated the lady behind the counter that one day, losing her temper, she scolded him and told him not to return. The young Highlander readjusted his bonnet on his head and said gravely: "Michip-ye."

CALGARY BULL SALE

Improved prices were noted at the annual bull sale at Calgary recently. A total of 455 bulls were sold for \$72,850 or an average of \$160 a head, an increase of \$20 over the previous year.

SPORT NOTES

Johnny Neum, the promising Detroit first baseman, has been secured by Cleveland.

Irvine Bruchet, of North Lethbridge, who secured the lightweight championship of Alberta at the provincial amateur boxing championships at Edmonton, has signified his intention of competing for the Dominion title in that class and will proceed to New Westminster, B.C., where the boxing and wrestling championships of the Dominion of Canada will be decided at the Queen's Park arena on April 21, 22, and 23.

GOLF

As soon as good weather occurred the Golf Club officials have been busy putting the greens in shape. Some money has been spent and considerable volunteer labor has been contributed. Some have paid their dues so that the land payment could be met and it is now desired that the remaining members pay their dues to the Secretary or to the Royal Bank for the Golf Club before May 1st. This will enable all bills to be paid promptly and allow the work to proceed on a cash basis.

The members are asked to all help as they can by volunteer labor, by getting new members, by paying their dues and by insisting that dogs, horses and cattle are kept off the course and that our greens and lawns are kept clean and in order. A start has been made in poisoning gophers and filling up the holes. Filling up the gopher holes will add a good deal to the pleasure of playing on the course and work of this feature will be appreciated.

The maintenance of trees and greens will be assigned to the following members. All other members should help those listed or select some fairway and fill gopher holes and keep it in shape as far as they can. No. 1 green and No. 2 to J. Van Tighem, D. Landis; 2 green and 2 tee E. Whitehead, P. Dunn; 3 green and 1 tee F. Young, J. Frenchie; 4 green and 5 tee A. P. Gray, W. Patterson; 5 green and 6 tee, G. Patrick; C. A. Laidlaw; 6 green and 7 tee T. E. Wright, D. N. Gardiner; 7 green and 8 tee J. Dowdle, J. Cannon; 8 green and 9 tee R. S. Stockton, E. N. Hildie; 9 green and 1 tee W. Gray, Alex Gray.

The ladies are making new flags for the greens and members playing are requested not to lay them on the flag sand but stick them up on one side until the ball is holed out and the flag can be replaced in the cup.

On courses where there is no caretaker it is proper to mat the green, where your play has marked it and be careful to put up the flag so that all will be in good shape for the next player. In this connection, it should be remarked that high heels and spurs should not be worn on the greens.

The courtesies and etiquette of the game and a fair knowledge of the rules are all quite important, and are necessary to the standing and growth of our Club.

Competitions and regular play will be initiated at an early date. A committee consisting of Mr. Whitehead, Captain, Mr. Van Tighem, Vice Captain, and Mr. Ridley, Chairman, of the grounds Committee have been asked to draft a set of local rules.

EXPRESS WAGON HOLDS LURE FOR CHICAGO BOXER

CHICAGO—Shuffle Callahan, who has obtained a pretty solid job and held on recognition in the 150-pound boxing class by knocking out Bobby Barrett of Philadelphia in two minutes flat, can't decide whether to pull leather or move furniture for a livelihood.

The old question bobbed up again after Callahan sent Barrett to the canvas within two minutes of the start of their scheduled ten-round match at East Chicago, Ind. Money had been a minor consideration in two recent performances, when the Chicago south paw knocked out Morris Schellander of Omaha and Johnny Mendelson of Milwaukee, but he got a generous purse for felling the eastern boy. Until a few months ago he was a candidate for minimum salary.

Callahan has consistently slighted his fight engagements in favor of his trusty motor van. On numerous occasions he has driven to a grammarium in his truck and the last time, a few weeks ago, he showed up just in time to elude in the ring.

HEARD ON THE STREET

John Mackenzie noted a very peculiar coincidence at the close of the session of the Legislature. It was pay day and the members all received their \$1,900 pay cheque, and nearly all the member's wives were on hand waiting for their lord and masters. The members were quite important in the assembly, but they soon recognized who was boss when they stepped out from the pay office. However, it was good for the milliners and the furnishers of ladies' supplies.

"Hey, Central, get me a doctor, quick! My wife has appendicitis."
"Just a moment; I'll connect you with the chief operator."

Customer: "I want some underwear."
Don: "How long?"
Customer: "Dern ye, I want to keep it."

Charlie Keeling around looking for a bank cheque, and the only one he could locate was a blank one, and he couldn't get past Bro. Van Tighem with that kind.

Assessor Nye says the Prince of Wales is an able farmer. He gets to his Canada ranch just after fall crops have been harvested and leaves just before it's time to haul fodder.

Traveler: "Do I take the train from Strathmore to Rockford?"
Agent Perry: "No, you simply get on, the engine does that."

She: "I was a fool to ever marry you."
He: "Really, my dear, I must accept the blame. I was a fool to ask you. The mistake is absolutely mine."

Angie: "My Willie, this is a beautiful diamond set, isn't it dearie?"
Willie: "Only two more payments."

Fred Anderson says people are peculiar. If the dance is not crowded it is not considered a success, and if it is they cannot dance.

Frank Miller says he never played poker, but if those fellows are willing to teach him, he would try good and plenty.

Telephone subscriber: "Please give me number 808X."
Operator: "Will the honorable person graciously forgive the inadequacy of the insignificant service and permit this humble slave of the wire to inform him that the never-to-be-sufficiently-censored line is busy?"

Fred Kingston says the meanest man he ever heard about in police circles was the fellow who put a tack in an electric chair.

Lady customer in the Pioneer Meat Market: "Is that the headcheese over there?"

Don: "No, mam, the boss is not in."

Lambert: "Say, Bobby, what is an optimist?"
Bobby Hamby: "One of those guys who are satisfied with the way Mr. Macer Hill handles the baseball team."

Mother: "I don't like the looks of that young Brown."

Daughter: "Is that so? Well, you should see the ones he gives me."

Mother, talking to her fond daughter, going up the street: "I never even kissed a man until I met your father you cannot say as much."

Fond Daughter: "Yes I can, mother, but I can't keep such a straight face as you do, when I am saying it."

Kelly says Spring has surely arrived the sap is running after the girls.

Jack Taylor says a famous last word is: "I will call you some time."

Assessor Fred Nye says a knocker is a mortgage on his home town, and every other citizen is paying his interest.

During the recent municipal election campaign in Edmonton, one of the candidates was overheard to remark to a friend: "Now, my friend, when you vote you don't want to vote for a pile in a poke; you want to vote for me, and get the genuine article."

CHEAPER FARES FOR A.P.P.

Through the efforts of the railway department of the provincial government, an order has been issued at Ottawa, directing the members of the Alberta Provincial Police the same transportation rates over railways as given to Dominion police. This will mean the saving of several hundred dollars a year to the government, states A. Chard, traffic supervisor.

McINTYRE & EVENS

3603, 2nd St. N.W., Calgary

HEAVY GUARD TO TRAVEL WEST WITH "CONVICT SPECIAL" SOON

OTTAWA—Eighty convicts are to be sent in the history of the Dominion and is necessitated by the overcrowded condition of Kingston, Stony Mountain is, relatively speaking, empty.

High officials of the justice department decline to give any inkling of the date of the transfer. It is feared that colleagues of the prisoners might organize a train hold-up in the Northern Ontario wilds, and it is said that many desperate criminals will be in the party.

THE NEW HANGING MACHINE

HARTFORD, Conn., April 6.—Gerald Chapman was hanged shortly after midnight for the murder of Policeman James Skelly, New Britain, Conn.

He was executed upon the new machine.

It is a grotesque thing, but meretricious thing, this hanging machine which yanks a man to the ceiling and then gives him an additional jerk as he comes down. From a pulley in the centre of the death chamber ceiling a rope disappears into another room.

There in the ceiling of that room is another pulley over which the rope winds. At that end of the rope is a heavy sandbag and a trigger in the side chamber releases the heavy weight. A peep hole in the wall gives a single room for the executioner to see the signal given by the warden. No one knows who releases the trigger.

FIRE THREATENS OUR NATIONAL HERITAGE

**Carelessness Destroys
3,000,000 acres annually
of Canadian Forest**

Loss of standing timber by fire continues to be appalling. On the average, over 3,500 million board feet are destroyed annually. The forests of Canada are being depleted at a rate they cannot possibly withstand; more than half of this depletion is due to fire, insects and decay. The future of the forest industry is just as dependent on the seedling trees and young growth as the pulp and paper and lumber mills, and industry generally, are dependent on mature timber—both must be saved from the ravages of fire.

In addition to the shelter afforded by the forest to the farmer and his stock, settlers in forested regions are vitally dependent on the woods for winter employment. Care with fire in land-clearing operations is all-essential—burned timber pays no wages.

Canada has the finest inland fishing in the world, but these splendid food and game fish require clean, cold water in the streams to ensure prolific reproduction. Forest fires are inimical to fish life.

Game animals attract foreign tourists and induce Canadians to seek pleasure, health and adventure in the great outdoors. These animals are distinctly a forest resource—utterly dependent on it for protection and food. Forest fires are most destructive of such wild life.

Ninety per cent of the forest fires are caused by carelessness. Are you doing your part to prevent this wanton waste and destruction?

CARSELAND

Mr. C. G. McLeamy is busy getting the foundation ready for his new house.

Mr. Oscar Moorehouse has been confined to his bed with a severe attack of flu, his friends are glad to hear he is improving.

Mr. Milton Moorehouse has had a severe attack of measles.

Mr. D. M. Iddleton has been to the Calgary hospital for examination and consultation. His case has reached a stage where medical aid is useless.

Many homes in the district have been visited with sickness. It is hoped that the warmer days will bring a return of good health.

Blind Creek—Seedling is well advanced in this district. The soil being more sandy, the farmers were able to get to work earlier than on the North side of the river.

A ticket salesman for the boxing bout was down at Carseland, endeavoring to bring some of the fans to Strathmore, among the number was Mike Brown who handles the "cats" at the Carseland Chateau. "Mike" was a willing victim for one ticket, but when the oily tongued salesman tried to sell him one for his wife, "Mike" told him in plain English that he had no desire to teach his wife anything about the fighting game, as he preferred to look after that end of the business himself.

The Altar Society of the Catholic Church at Carseland, will hold a tea and pantry sale on Saturday, May 1, at the post office.

PROGRAM FOR U.F.W.A. LOCAL OF CARSELAND April

Hosesses—Mrs. Jamieson and Mrs. Sterns.
Roll Call—Most interesting thing read this week.

Paper—"Does it pay to raise turkeys?" Mrs. Ed. Nelson.

May
Hosesses—Mrs. Edward Nelson and Mrs. Hestrich.

Roll Call—Handy things my friends taught me.

Paper—"How Alberta cares for Deaf, dumb, blind, and Mental Defectives." Mrs. G. C. McLeamy.

June
Hosesses—Mrs. James Nelson and Mrs. Peterson.

Roll Call—Rhymes recalled from childhood.

Paper—"Art of cooking fresh vegetables and their nutritional value." Mrs. R. Bishop.

July
Hosesses—Mrs. Gamet and Mrs. Cole.
Roll Call—Tell one reason why you like Alberta.

Paper—"Welfare and Mothercraft." Mrs. James Nelson.

August

ABOUT OLD TIMERS

1910—Census of Strathmore taken and found that there were 468 residents and 35 transients.

1910—The marriage of Mr. Joe Van Tighem to Miss Kelly, of De Winton took place at Calgary.

1910—A. J. McArthur was elected over E. H. Hiley by a majority of 201. The Strathmore vote was 60 each.

1910—Presentation, made to Mr. and Mrs. A. N. Dawson, upon Mr. Dawson's transfer to Brooks, of a silver bowl and tray.

1910—By-law passed, granting franchise for supplying natural gas to the Natural Gas Co. Mr. Dingman, manager, stated that they proposed drilling at Gleichen. The rate was 25c for domestic purposes and 25c for power.

1910—No. 1 Wheat quoted at 63c, and oats 25c.

1910—Bishop Pinkham formally dedicated the chancel and bell of St. Michaels and All Angels Church. The service was conducted by the curate, Rev. T. W. Castle.

1910—Work begun on the Maple Leaf Hotel.

1910—Messrs Hayden and Skene pulled in the last of their crews Xmas week, after completing \$85,000 work on the Western section of the irrigation block.

1910—Branch organized with Thos. E. Wright president, and M. S. Hirtle secretary, and George Ohm, leader.

1910—Strathmore had four passenger trains daily: No. 315, west at 8.51; No. 316, east at 19.16; No. 1, west at 16.48; No. 2, East at 15.30.

1910—Dr. Chas. Wiedman proposed establishing beet sugar factory if 5,000 acres could be secured.

1910—Messrs Martin and Evans shipped a box of apples to München, Germany, and another shipment to Milan, Italy.

1910—Council adopted resolution to incorporate the town of Strathmore.

1910—Frank Addeman, of Langdon, completed the sale of 2,000 head of cattle to P. Burns & Co., at a price of 41c live weight.

1910—John C. Buckley and daughter left on a trip to Ireland, and Mr. Buckley stated if he had his way all the people in Ireland would live in this district.

and will be devoted to furtherance of cooperative marketing and the betterment of agriculture in the province. The Legislature decided to place the fund in charge of a trustee board of from three to seven members.

'HOADLEY' BOY BUYS FARM

One of the first of the British youths under the Hoadley scheme to buy a farm in Alberta is A. W. Waddell, of County Down, Ireland. Mr. Waddell, who studied at the Verulam School under the Hoadley scheme last year, has bought a farm in the Leche district.

LOCAL NOTINGS

The death took place at Seattle, Wash., April 1st, of Mrs. John Schoenmakers, after an illness of two weeks. Mrs. Schoenmakers was an old time resident of Strathmore and will be remembered by many. She is survived by one son Jac, two daughters Mrs. Anna Dore and Mrs. Blanche Van Son and 14 grandchildren. The funeral took place on Monday, April 19th from the immaculate Conception church with interment at Calgary.

The sympathy of the public is extended to Mr. and Mrs. Al. Carlson in the death of their infant son. He was taken ill on Friday last with flu from which pneumonia followed, and the little fellow passed away at noon on Tuesday. The funeral services will be held on Thursday afternoon at 2 o'clock, in the Union Church.

John H. Cope is in town and will begin his work as auditor this week. The Ladies Golf Club will hold a putting competition on green number one on Saturday, April 24th, at 3 p.m. The play will be for a solid silver teacup. Every lady member is invited to be present with a friend.

Mr. Jack Downie was on the sick list for three or four days.

Joseph T. Shaw, of Calgary, will be a candidate for the leadership of the Provincial Liberal party.

Mr. and Mrs. W. W. Gorman, of Dunsmuir, are receiving congratulations this week upon the birth of a son on April 19th.

Dr. T. W. Moore says that quite a few cases of chicken pox have developed in the district.

C. J. Akkerman and wife have returned from Holland, where they spent three months. He was accompanied by Walter Dirchu, Klosters, Platz, and W. H. Collison, of St. Moritz, Switzerland. Two students who have come to study agricultural methods, and possibly locate permanently in Canada.

Mr. Sid Moore has been one of the latest victims to the fashionable disease, the flu.

Manager Hill gave the baseball players a good workout on Sunday and on Monday several of the boys had pretty stiff arms and Jettie Giroux thought he had a "charlie horse."

CHURCH BULLETIN

United Church, Strathmore
Sunday, April 25th, 1926

"That which we have seen and heard declare unto you, that ye also may have fellowship with us; and truly our fellowship is with the Father, and with His Son, Jesus Christ."—Nanaka—Public Worship at 11 o'clock, followed by Church School, and study classes for every age. Cheadle—Combined Service opens at 2:30 p.m. Strathmore—Church School at 11 a.m. Public Worship at 7:30 p.m. Girls' and Boys' Groups will meet at the regular times this week.

ARTHUR H. ROWE, Minister

CHURCH NOTES

At the Nanaka Service, which was well attended, on Sunday morning last, beautiful books were presented to Marjorie Wooster and Ruth Alkins for their good work in collecting for the Missionary Funds of the United Church.

At the reorganization meeting of the Nanaka Sunday School for the present year, Mr. Wooster was unanimously re-elected superintendent, and Mr. Alkins was elected secretary. Treasurer, Mr. H. E. Thomas consented to take the Bible Class with Mrs. Wheeler and Mrs. Wooster as assistants.

The Cheadle Congregation held its annual meeting on Sunday after the service. This was necessitated because the hosts revealed the meeting at the time planned. Reports from Mr. Kent for the Church School, and Mr. Laycraft for the Stewards, showed a favorable and encouraging condition of the work. The full amount asked for for benevolence had been contributed, and almost the whole of the \$500 pledged by the congregation was in hand. Mr. Laycraft stated that anyone desiring it would be furnished with a statement of receipts and expenditure for the year. The appreciation of the congregation for the fine work of the officers was expressed and they were all related. The officers are as follows: Elders—Frederick McKenzie and Frank Skene; Stewards—Wm. Laycraft and E. J. Metcalfe; Supt. of S. S.—John Kent; Asst. Supt.—Wm. Laycraft; Sec.—Mrs. Laycraft; Miss Gilling. The congregation expressed warm appreciation of the work of the minister. The Official Board of the whole church will meet at Cheadle Friday, April 24th, at 8 o'clock.

ROMAN CATHOLIC CHURCH

SCHOOL COLUMN

The following donations for the School Fair are gratefully acknowledged: Mr. C. Keeling \$1.00, Pioneer Meat Market, Side of Bacon; Dr. Giffen \$5.00; W. Saunders \$2.00, mdee. John Schaeffer \$3.00.

At a meeting last Saturday the prize money was appointed to the various classes. The value of the prizes in goods and cash is in the neighborhood of \$600.00. It is hoped to have the printed prize lists in the hands of the teachers and pupils before the end of the month.

The following rules are called to the attention of all concerned.

1 Every pupil exhibiting a livestock and poultry must be with his or her exhibit when the judging is done.
2 All live stock and poultry must be born in the current year.
3 For School Fair purposes the grade of the exhibitor is the grade he or she was in during the Spring Term.
4 Any pupil may be called upon on the day of the Fair to prove the genuineness of an exhibit.

Bulldozing and seeds are now in the hands of the Secretary. It would greatly facilitate the distribution of these if teachers would get some from their districts to call at the Strathmore School to get them. The Secretary may be got on the phone during school hours at the school or at 10 after school hours.

This year there will be a singing Competition! Best rendering by the whole school or room of two suitable songs, one to be patriotic.

We feel that every school should take part in the Parade, physical training contest and singing. Competition and trust that all teachers are making the necessary preparations to do so.

A MILE-A-MINUTE MIND

IN A MILE-A-HOUR BUS

He had a mile a minute mind and a mile an hour bus! That describes Richard Dix's role in his latest Paramount production "Let's Get Married", which comes to Memorial Hall on Saturday night. You see, his father, in an effort to keep Richard on the straight and narrow, packed him in his high-powered car away, and gave him an old electric cone with orders to "take it or leave it". Needless to say, our hero grabbed it.

But that was a darn lucky move for Dix. One day, in the midst of a traffic jam, his car was bumped by Lola Wilson's roadster. Then and there, one of those serious things known as "heart trouble" set in. Richard fell for Lola and she for him. And so it happened that he said, "Let's Get Married". Then, the fun began! Don't miss it.

LANGDON

Born to Mr. and Mrs. Lynch on Monday, April 12th, a baby girl, congenitally.

Mr. and Mrs. W. I. Girls Club held a very successful home cooking sale on Saturday, April 17th. They also sold tea cream, and so added a substantial sum to their funds.

L. Dye and Mr. Wendstrom, of Gadsby, Alta, were callers at the V. E. Dye home Saturday, returning home Sunday.

STAR Restaurant

Our Special 35c Dinner is undoubtedly the best value in this country for the money, and we only employ WHITE HELP.

STEATHMORE
F. K. Miller, Manager

W. Smith returned last week from his trip to Alia, Alta.

Mr. and Mrs. L. Cavanaugh, of Bur-stall, Sask., were Langdon visitors last week. Mr. Cavanaugh has bought a section of land near Shepard, and his son, Donald, will farm there.

Mrs. G. Buntin visited in Calgary from Friday to Sunday.

The L.O.O.P. Anniversary Service will be held Sunday, April 25th, in the Union Church at three o'clock. Rev. George Drivon, of Calgary, will conduct the services.

We are glad to report that Mr. J. Fortin, who has been very ill, is much improved.

NAMAKA

Mr. Parish, of Calgary, an old timer of Namaka, is again in the district.

Mr. Percy Dennis motored to Namaka Sunday.

Mrs. E. C. Wadsworth returned Sunday after spending the week in Calgary. We are glad to report Marshall is feeling alright again.

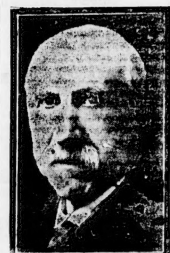

Mrs. Harris and Mr. Matchick entertained a number of friends on Saturday evening, dancing being the popular amusement, followed by refreshments. All had a delightful time.

Mr. and Mrs. Nichol, of Shogville, visited with Mrs. Hagwood Sunday.

A cartload of dairy cattle were shipped to Namaka Farm during the week.

Mr. McLean had the misfortune to sprain his ankle badly, and left for Calgary where he will remain for a couple of weeks.

Russia Is Claiming Undiscovered Lands In Arctic Regions

MOSCOW, April 17.—The pretensions of the anti-British secretary has declared that the territory of the Union of Soviet Socialist Republics embraces all lands and islands heretofore discovered as well as undiscovered, which at the moment of publication of the present decree stands beyond recognition as constituting part of the territory of any other country. The decree envisages the territory situated north of the Arctic Ocean to the north pole within the meridian of the eastern section of the Arctic Ocean, across the triangular part of Keokuk Cape, and the meridian 25 degrees, 40 minutes, 20 seconds, western side of the Arctic Ocean, passing through the middle of the bay dividing the islands of Hatanawa, Krusenstern and Diamir, a group of Herling Straits.

EXPORT DUTY ON WHEAT

(Lethbridge Herald)

There is considerable agitation for an export duty on wheat in order to prevent Canadian wheat from going to U.S. mills, to be milled in bad, and the product shipped elsewhere to complete with the products of Canadian flour mills.

The United Farmers of Alberta are perturbed over the agitation. They fear what may happen if public opinion is wrongly educated on this matter, so a vigorous campaign against the proposal is being adopted.

There is no shortage of wheat for Canadian mills. They are located along the trade routes which must carry the wheat of the farmers to market. The farmers hold that they ought to be able to compete with flour milled from Canadian wheat in another country. They point out that, if an export duty were placed on wheat to prevent U.S. millers buying it, it would simply mean that import competition would be removed,

and they have not enough faith in the Canadian miller to believe that he would not take advantage of the situation. This is one kind of protection "for the farmer" that the farmer does not need or want.

CARMANGAY PRODUCES MORE CORN-FED HOGS

Charles Lafferty, livestock buyer, has just returned from Carmangay where he purchased two carloads of hogs, mostly corn-fed. "They are as fine hogs as I ever saw in my old home district in Indiana," he told the Lethbridge Herald. "The corn boosters of Carmangay district are counting on 7,000 acres of corn being planted this season, and already enough seed has been contracted to plant 3,000 acres of that amount. It is going to make a big difference in farming in the Carmangay district within the next couple of years."

A BOOST

FOR SCHOOL FAIRS

By J. R. Weston

After judging the live stock and the grains at some fifteen school fairs in the southern portion of the province last fall, I am a one hundred per cent booster for school fairs.

The great interest with which the children took in showing their exhibits was splendid.

Each one wanted to win. How they would show their colts or their calves, their pigs, their lambs and their chickens was very encouraging. Every boy likes to win, and for that matter so does every healthy vigorous girl.

Some of the girls were outstanding winners with their colts, for they had them trained to lead nicely, to trot and to stand for the judge, and also to pick up all their four feet when requested by their exhibitor. They had been trained and the judge could see this, and remember, boys and girls, that fifty per cent of the marks given on a colt or a calf are given for the way in which the colt or calf has been trained, and the other fifty merely on the actual merits of the animal itself.

Some of the boys had not trained their colts at all, therefore they lost out, others had given real showman attention to their entries and therefore won handsomely.

The sheep grain classes were also heavily contested. But the greatest paths to these exhibits was shown in the utter lack of any knowledge of how to prepare these sheaves for exhibit. Whenever I could secure a near a typical sheaf as possible I would give those attending, a short talk on how to prepare a sheaf of grain for exhibit.

Build your grain sheaf in a conical shape, almost like a well built grain stack but not so pointed at the top. Commence the sheaf fairly small then gradually widen it out, then draw it in again until the thickness of the sheaf is about three inches in width just below the bunch of heads. Tie the sheaf very firmly just below the heads with twine first, then again around the middle, and again at the bottom of the sheaf. Then these ties should be covered with a bow of heavy ribbon. Trim off the bottom of the sheaf square and have the straw of the sheaf about two and a half feet in length. All the leaves must be combed off the straw before building it into the sheaf. This is easily done with a wooden paddle having nails driven through it. If the straw is very brittle dampen it with water.

All livestock exhibited should be handled as much as possible by the school boy or girl exhibitor for as

long as possible before the date of the fair.

Chickens should be shown in crates large enough for the birds to stand up at full length in, and preferably with a door so that the judge can easily remove them for inspection. Some school fair boards are giving special prizes for the best exhibition coop made by the boy or girl exhibitor.

Do not nail three chickens up in a small soap box with a few laths on the top and expect them to look well when the judge takes them out. The birds are not only cramped and their feathers ruffled but they are distressed and look miserable too, and therefore cannot compete against well shown birds.

Have the colts so that they will lead nicely, trot readily, and obey every move of the halter shank. Have them trained so that you can pick up all their four feet easily. Make pets of your colts for that is the idea of the fair, to have you take an interest in these young farm animals.

Do the same with the calves, teach them to lead and to stand and to show themselves. Brush them down with a horse brush and curry comb, have them looking slick and clean when they come up before the judge, for remember that 50% of the marks goes to the attention given to the animals and the other 50% for the quality of the animal itself.

Bring the best you have and show in as many classes as you possibly can, you will then stand a better chance of winning more prize money, as well as helping your school to win the provincial diploma which is given to the school winning the highest percentage of prize money. As for the number of scholars attending the school.

Start in right away in selecting and training your live stock. Get your cages stables in a hot bed, and get at your garden as early as you can. In the week yourself to the you can truthfully say, "I grew these and not Dad", in fact Dad is not allowed to grow your vegetables for you, this will disqualify you from winning a prize.

Get busy and produce the best exhibit for the next school fair at Hanna that this district has ever shown.

Boost your district with your own produce, that's the best way to advertise.

COMMONS GIVES PENSIONS BILL SECOND READING

Conservatives Oppose Measure on Ground That Conference Should be Held

OTTAWA, Apr. 17.—Arguments for and against the government's old age pension bill were advanced in the house of commons last night.

At the outset the bill was given second reading, the discussion taking place while it was in the committee stage. Progress was reported before adjournment of the house.

Several of the Conservative members criticised the maximum amount of the pension payable under the bill—£20 a month. Such a pension would never remove the shadow of the poor house from the aged, he said. The sum of £20 a year was quite inadequate to maintain old people in the comfort which they received at present in homes for the aged.

Couples to Get \$480 Year To test criticism of the bill, Mr. Philp, Progressive member for South, would receive \$480 a month, or \$480 a year.

In committee on the bill, George H. Vickers, Liberal, stated that the wording would not permit the Yukon territory proposed pension scheme. Other Conservative members supported Mr. Philp, and J. H. King, minister of finance, stated that the bill was not intended to be a permanent one.

H. H. Stevens, Conservative, Vancouver center, spoke of the hopelessness of the legislation until a conference of the provinces had been called. The legislation was destined to fail because the provinces would pass a law of law without the consent of the federal government.

Dr. King pointed to the advantage of a centralized power in the federal government, which could give the provinces uniformity in their laws in this matter.

A. C. G. Barry, Conservative, Edmonton East, said it was foolish to have the provinces pass a law of law without the consent of the federal government.

Mr. King pointed to the advantage of a centralized power in the federal government, which could give the provinces uniformity in their laws in this matter.

Mr. King pointed to the advantage of a centralized power in the federal government, which could give the provinces uniformity in their laws in this matter.

OIL DEVELOPMENT

60 to 90 Millions Available
When Another Well Brought in, Says Crombie

That many of Canada's leading oil and gas producers today face a problem of lack of money to develop the surface rights to the oil and gas beneath the surface. It is an interesting and complex problem, says Mr. W. S. Crombie, a leading oil and gas engineer, speaking before the Board of Trade at their monthly luncheon on Friday at the subject of "Oil and Gas Mining Industry of Northern Ontario."

Mr. McQueen traced the geographical stages through which the north has to pass before a certain formation necessary to produce oil and gas can be brought about. He explained the difference between mining operations in the Klondike fields and the way it is done in the northern part of Canada and told of the use of the oil of the diamond drill for the purpose of valuable mining.

Failures in mining operations were pointed out by the speaker and he said that the sale of oil stocks did not mean any real return to the industry.

He said that the sale of oil stocks did not mean any real return to the industry.

MORE ONTARIO BUNK

Guelph Mercury—The Hudson Bay Railway may be too high a price to pay for the support of the West if it can't be used more than a month or two of each year. However, the West won't be convinced without a demonstration, and one year's experience with the ice will probably turn the trick, but then the millions will have been lost, for which the country will have nothing but a sorry recollection. Hudson's Bay will probably need to be connected with the Gulf Stream to keep it sufficiently thawed out for navigation.

Among a host of good stories

told by Mr. Cecil Chapman, the retired Metropolitan police magistrate, is one concerning a would-be wife who, wanting to show his wit before some lady friends, hailed the driver of one of the old prison vans with the ironical query:

"Got any room inside?"

"Yes, for one," replied the driver. "We've kept it for you. Jump in quick."

Not entirely disconcerted, the wag had another shot.

"What's the fare?" he asked.

"Broad and wide—same as you had last time," said the driver.

Notices of entertainments, meetings, sales, etc., at which admission is charged, articles sold, or a collection is taken, with the exception of actual church services, will be charged for at regular advertising rates.

TWO PARTY SYSTEM OUT OF DATE

Robert Forke, leader of the Progressives, has found it necessary to sign the writ of Hon. Arthur Meighen for making slighting references regarding the votes that have been given by the progressives in support of the King Government.

The remarks made by Mr. Meighen have been generally endorsed by the Conservative press, and the idea advanced that small circles of representatives, practically dominant the Government.

That such a condition might be quite possible, but it does not necessarily follow that a situation would arise that need cause any alarm.

The Progressives have been chosen from people whose very dollar is invested in Canada, and most of their surplus wealth has been earned by their own efforts, rather than by some special method of manipulating the wheel of fortune.

Surely Mr. Forke and his followers are as much interested in the welfare of Canada as any other group, and may be depended upon to exercise their best judgment, whether that support be given to Mr. King or Mr. Meighen. The probabilities are that never again will any Canadian legislative body be assembled that will not be composed of several political groups.

Other countries are carrying on under such conditions and without any serious resulting.

The active politicians in the two old-line parties are worrying most about present conditions rather than the electors, simply because the political machines are much more difficult to control.

In the next Alberta Legislature it is almost a certainty that there will be at least four parties.

The expert lobbyist is another individual who does not like the additional parties, simply because he has much more territory to cover in order to gain any special advantages for the organizations that he represents.

THE PLAN OF APPOINTING OUR JUDGES

The Bassano Mail is in doubt about making any improvement in the method of appointment of judges, and will not stand for having them elected, which is quite right.

The Standard did not suggest an election for promotion to the bench, but did say that the present plan excludes many outstanding men in the legal profession simply because they are not politicians, and the same reason would pass them up if the plan was changed to that of election.

Since the Dominion Government might easily make their selection from men whose legal ability is generally recognized in each community, rather than that the main qualification be that he had been a successful or unsuccessful candidate. In the business world when an important position is vacant, there is control do not go out and look over an outfit of active politicians to find a suitable man.

When the Canadian Pacific Railway required a new president the directors did not think it necessary to find out whether Mr. E. W. Beatty would be a successful candidate for the position, but they went straight for Plum Hollow or Timbuctoo, in order to prove that he could carry on the work of building the big railway, neither did the Dominion Government when they wanted a man to handle the Canadian National Railway first require Sir Henry Thornton to do battle with the Hon. C. B. Mitchell in Bow Valley. Yet in very few cases has anyone been elected to the bench who has not either been a successful candidate or active worker in the interests of the party that has the making of the appointment—none other as they say.

EVERYONE WAS BUSY AND CONTENTED

Most of us think we were very modern and civilized nowadays, compared with former generations. Stuart Forbes, an American economist, questions whether we're really better off than our forefathers a century and a quarter ago. Our children are better taught, he admits. Our women's fashions are probably better. We have more "conveniences." On the other hand, he says:

"I don't know that my housing conditions in a modern apartment are any better than my great-grandfather's were in his spacious farmhouse."

"The wholesome environment that present-day educators are trying to re-create for young people, our ancestors got automatically."

"Clothing, though more varied today is less durable. And men's fashions, at least, are far less comfortable and attractive."

"Man-power wasn't wasted in 1800. Everyone was busy in the little village where my great-grandfather lived. Compare that with our industrial waste of human life."

In the small town or village before industrialism was so far advanced, people were certainly much more contented and the "soup kitchen and binnhouse was unknown."

HON. GEORGE P. GRAHAM SLAMS CHURCH MEMBERS WHO DO SOME SMUGGLING

BROCKVILLE.—"If the church members of the Dominion of Canada would pay duty on the goods that they are now smuggling into this country, the debt of Canada would be reduced by several million more dollars every year," Hon. G. P. Graham told a gathering of men of the Wall Street, United Church.

"You have to be honest with the state as well as with the church. You say that the bootlegger is an awful chap. But how much worse is he than the smuggler?"

"Don't do things yourselves that you think terrible in others. If you were to come home with something on the hip your wife would probably kick you. Look out that she does not kick you with a smuggled shoe. Smuggling goods into Canada is doing the country out of money that rightly belongs to it."

EDITORIAL NOTES

Calgary has been able to recover its finances by issuing oil broker's licenses to as many equal to the deficit suffered by discontinuing the slot machines. Peculiar combination, eh?

As April 20 approaches, the date set by the Dominion Government for income tax returns to be made, the average publisher feels in mighty good humor knowing that he will not have to make a very large donation. It is the only season of the year in which he can truly appreciate the condition.

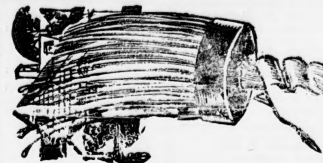

Andri, Sask., is the latest candidate for oil honors, claiming a good flow of petroleum at a 900 foot depth.

People will soon be able to spend their summer holidays in the sub-arctic, according to the theory of Commander George P. Mackenzie, who sees in the near future an aerial trade route establishing between London and Hong Kong.

Moderic Maria was elected Mayor of Montreal for the sixth term, with a plurality of over 20,000.

If you are intending getting a Dominion oil charter, you had better hurry: It looks as though a close season was approaching.

If the denials of Alberta would organize an oil company, they could save a lot of money, as they are all expert

BRING ME THE REMAINS

Do You Know?

That when placing an order for Printing you are not making a purchase of material, but are hiring a service. You are employing the printer and his equipment to do a certain piece of work. What do you get? That depends on whom you hire.

Printing cannot be good without equipment, experience, judgment, and a desire to render prompt service.

For years many of those who know have been buying their printing service of

Strathmore & Bow Valley Standard

PRINTERS AND PUBLISHERS

drillers, and always continue to drill until their patients are satisfied.

This is a sad and costly of the year for the Oil Kings, when they have to make out their Income Tax reports and surrender part of the millions that they have been picking up in the oil fields and elsewhere.

The Calgary Herald is still sobbing because Mr. Kennedy, of Peace River, will not resign, because "Baldy" Robb lacks virtue, and because Kennedy's voice kept the King Government in power and Meighen leader of the Opposition.

Summer visitors to Calgary will see two exhibitions of the broncho bucking the cowpunchers and the public bucking the tigers in the oil game. What more can the visitors expect for their money?

Leader Forke, of the Progressives, told the Canadian Club, of Toronto, that there exists an East and a West, and that Canada needs public spirited men of broad vision more than she needs capital.

The Nash fruit corporation has entered an appeal against their recent conviction at Vancouver, and the Attorney-General has also entered an appeal asking for an increase in the

prison sentence, in Ontario it costs \$47,000 annually to sustain the government house, British Columbia \$20,000; Saskatchewan \$21,000, while in Alberta, they get through with \$15,000.

Canada has a fine record in handling criminal work. Criminals are usually brought to justice with reasonable speed, and for the most part, give adequate punishment.

It will pay the town big dividends to look after the tourists. Each citizen may consider themselves a committee to extend any possible courtesy to the temporary resident. To have tourists speak of hospitality the merchants will help to make business.

People should appreciate the efforts of the merchants in securing the country to secure the best merchandise available, and provide necessities at the lowest possible cost. Spend your money with the home merchant. If they haven't what you need in stock they will very quickly secure it for you. Tell them what you want. Don't spend your money away.

There isn't a community in Alberta that would not be the better for an active tree planting campaign.

THROWS SHELL IN REMFENCE OF FRENCH MINISTER
 GIGNET, Belgium, April 17.—An unknown person yesterday fired a revolver shot at the door of the house of Edouard Asseline, minister of railways, who is at present in Italy, and then threw the head of a cannon shell into the house through a window. The shell failed to explode. No one was hurt. The police believe the shooter was mentally unbalanced.

BY-LAW NO. 101 OF THE TOWN OF STRATHMORE

A By-law to authorize the Mayor and Secretary-Treasurer to execute an Agreement with the United Electric and Engineering Company Ltd., of Calgary, Alberta, for the supplying of electrical energy to the said Town.

WHEREAS the United Electric and Engineering Company Limited of Calgary, Alberta, (hereinafter called "the Company") has offered to supply the Town with electrical energy for power and illuminating purposes upon certain terms hereinafter appearing;

AND WHEREAS the Council of the said Town is desirous of obtaining such electrical energy for the said Town;

AND WHEREAS the Company and the Council of the said Town have agreed upon the terms and conditions upon which the Company will supply such electrical energy to the said Town if the said terms and conditions and this By-law are approved by the Board of Public Utility Commissioners, and subject to the ratification of this By-law by two thirds of the burgeses of the Town voting thereon, and have embodied the same in the Agreement set forth in the Schedule annexed and marked with the letter "A";

NOW THEREFORE the Council of the Town of Strathmore ENACTS AS FOLLOWS:

1. That this By-law and said Agreement shall be as early as possible as is reasonably possible be submitted on behalf of the Town to the Board of Public Utility Commissioners for the approval of such Board.

2. That upon this By-law and the said Agreement being so approved, the burgeses of the Town duly qualified to vote on this By-law shall be taken at such time and place as the Council shall by By-law or by other proper enactment, appoint.

3. That as soon as this By-law and the said Agreement shall have been approved by the Board of Public Utility Commissioners and shall have been ratified by two-thirds of the burgeses voting thereon, as aforesaid, the Mayor and Secretary-Treasurer of the Town of Strathmore are hereby authorized to sign the seal of the Town to the Agreement hereinafter referred to being the Agreement in the Schedule hereto annexed and marked with the letter "A" and to execute and deliver the same on behalf of the said Town.

DONE AND PASSED IN COUNCIL this 8th day of March A.D. 1926.
H. W. BELL
 Mayor

T. M. WEARS
 Secretary-Treasurer

NOTICE TO THE BURGESSES OF THE TOWN OF STRATHMORE

The above is a true copy of By-law No. 101 of the Town of Strathmore, on which a vote of the burgeses of the Town of Strathmore (meaning those electors who are assessed as the owners or occupants of land) will be taken within the Town Hall, and the Poll shall be open from the hours of ten o'clock in the forenoon until seven o'clock in the evening of Friday, May 7th, 1926, and further, I shall on Saturday, the 8th day of May, 1926, within the Town Hall between the hours of ten and eleven o'clock forenoon sum up the number of votes for and against said By-law No. 101.

The proposed Agreement referred to in the By-law, is to be signed at my office during business hours.

T. M. WEARS
 Sec. Treas. Town of Strathmore.
 Strathmore, April 20, 1926. 5-5-26

A WOMANISH MOTHER
 "Mamma," said a young-old Jimmie, "come out on the lawn and play baseball with me."
 "Huh!" That comes of having a woman for a mother."

Archbishop Temple, while staying at the house of some friends, was greatly impressed by the fact that each morning, before breakfast, he heard someone in the kitchen singing "Nearer My God to Thee." On congratulating his hostess on having such religious servants, he was told, "Oh, that's the cook's hymn for boiling eggs. Three verse soft, five verses hard."

An Englishman and an American were watching Vesuvius in eruption. "Well, my friend," said the Englishman, "I don't think you're anything in your country to equal that."

"Perhaps not," was the reply. "But we're a fire brigade in New York that would put it out."

Slats' Diary

Friday—Today was the last time I had saw Clem Hawkins since he had married his wife a couple years ago. Before he got married he used to come to our house a lot and he used to tell me that he ever got married he would be the boss in his own house or else no the reals why. So today he said what about it and Clem said he meant it I guess he told the truth. He says he nose the resin why now.

Saturday—June and me took a long walk this after noon and I took her a cross the rate rode bridge out at the edge of town and I said to her was a cross I said to her Did she like it and she answered and replied. O not much but what it did come more. So I just told to her own arm while she goes a frost the dangrous rate rode bridge.

Sunday—Billers took Aggie home from Yung peoples meeting and he wanted to be paid and he at her he says do you mother object to Kising and Aggie replied and I don't do you may wish to go and try it if you care to try it. But he let it go that.

Monday—Pa took us up to Calgary to the Club Cafe for supper tonight and when the waiters came along I said do you serve fresh fish here and she said Sure we do but don't for fear break this my husband up there at the coin, early desk.

Tuesday—I guess nobody hasent got much use for Raz Timmins it is sent and applied to the Associated Charities for a possible since his wife isent able to do no more work any more.

Wednesday—Ant Emmy cussen will be here next week and I am Expecting lots of story out of him for he was in the World War and fought on the side of the Allies Ant Emmy was a telling me today.

Thursday—well it seems like Ant Emmy wont never let us learn her much today she felt that a last train is. She always that he was the gentleman who was employed to take care of Ralph Loring the windows in a church and the Memorial Hall houses and other public buildings like that.

Mr. and Mrs. N. B. Haines and family left on Monday for Bozeman, Mont. where they will make their home in the future.

The Junior Red Cross, of Miss Patterson's room, are giving a tea in the Dining Room of the Strathmore Hotel from 3 to 6 o'clock on Saturday, April 24.

Richard Dix in "Let's Get Married" Memorial Hall Saturday, April 24.

SWAZILAND KING LOSES APPEAL TO PRIVY COUNCIL
 Claimed Ancient Burial Places, Strongholds Seized by Corporation

LONDON, April 17.—The appeal of the king of Swaziland, Sobhuza II., to the privy council against the taking over of large tracts of mountain strongholds in the crown colony of Swaziland, British South Africa, by the Swaziland Corporation, was dismissed by the judicial committee of the privy council yesterday.

The decision was heard in the judicial committee early last March, when it was stated that the king was claiming the burial places for a group of royal kins of Swaziland, had been judicially taken over by the Swaziland Corporation.

The corporation admitted stealing graves and taking possession of their lands, but claimed that it had a right to do so by a grant made by the South African high commission.

Their lordships of the judicial committee to sustain the applicant's argument that the king of Swaziland, who was a British subject, was entitled to the burial places of his ancestors. The power of the king was confirmed under the "Foreign Jurisdiction act."
